Dear Markku

Nomination of Spike Boydell as Chair Elect of FIG Commission 8

RICS nominates Dr Spike Boydell as Chair Elect of FIG Commission 8 (Spatial Planning and Development). As you will see from the attached CV, Spike has for many years worked in Commission 8's and is widely published. He is currently head of the Department of Land Management and Development at the University of the South Pacific. RICS believes that Spike has the professional and personal capabilities to lead and reinvigorate Commission 8. To date, he has not been active in the Commission but he will be attending the FIG Regional Conference in Marrakech in December and intends to remain active from that time. Spike has RICS' full support in seeking this position and RICS is willing to provide the necessary funding and support for him to fulfil his commitments as Chair Elect (and subsequently as Chair) of Commission 8.

Yours sincerely
